# IRISES

**KENWOOD IRIS GARDENS**  
Montgomery and Euclid Roads  
Cincinnati, Ohio

Summer 1937 • Spring 1938

*See M, R R 70*

## Foreword

It is now time to think of planting iris. The cool and wet summer has helped growth wonderfully. This catalogue is brief, because of the lateness of the season. But the list has been carefully compiled to include only the most distinctive varieties, that can be offered at reasonable prices. There is no greater joy than watching the new iris grow and develop, and wait for the bloom. No flower has such elusive coloring as iris.

If your planting is old and the blooms are scant, dig up the plants, and reset with new varieties. The finer kinds are offered at such low prices, that it does not pay to keep the obsolete varieties in your garden.

We have put in large plantings of tulips and a collection of daffodils and you are invited to see them in late April and early May and order for fall delivery. A perennial and rock plant list is issued for local trade. A peony exhibition garden of over 200 varieties, including species, has been planted along the highway in front of our place, and oriental poppies, nearby. Our hemerocallis list includes over 40 varieties, and they are now at their height of bloom, the most dependable summer perennial. If you are interested in procuring any of these lists, please write and specify which you desire.

Cincinnati, Ohio

## Terms

Cash with order. A 10% discount is allowed on orders of \$10.00 or more. This applies to single varieties, and three of a kind, and not to collections or bargain groups. On orders less than \$2.00 please add 25¢ for postage and packing. Ohio customers add Sales Tax.

Shipments. Bearded Iris may be shipped from July 15 until late September. Spring planting not recommended, unless done quite early. They are best re-set in summer. Beardless Iris are planted in Spring and early Fall.

Location. We are located on the Three C Highway (State Route No. 3) about ten miles from the business center of Cincinnati, and easily accessible from all parts of the city. You are cordially invited to visit the gardens at any time.

Transportation. Prices for one and three of a kind are postpaid, but not in larger quantities. Collections are not prepaid, except where mentioned.

# Introductions for 1937

The two Iris mentioned below are outstanding in their color class, and have good form and a carrying tone in the garden. These new seedlings of Dr. Ayres have been named for two local women, who are ardent gardeners. Mrs. W. S. Rowe has grown flowers for many years, and published a small garden book of planting flowers from seed. She has a deep love for flowers. Her delightful garden with its charming rockery, is always an inspiration to those who visit it.

Mrs. Silas Waters is President of the Ohio Association of Garden Clubs, past president of the Cincinnati district, Regional President of the American Iris Society, and has been one of the most active women in the promotion of beautiful gardens, especially with iris. So it is fitting that an iris should be named for her.

~ MARGARET ROWE (M30") - Flower measures  $5\frac{1}{2}$  inches from tip to tip, and two inches across. S. arching, light purplish mauve, faintly under-laid bronzy yellow; F. drooping a tone deeper, with a deep gold beard. Haft has a faint buff reticulation on a pale lemon yellow ground. General color, almost a pink self, set off by the brilliant gold beard and haft. A sister seedling of La Lorraine. \$5.00

MRS. SILAS WATERS (M36") - Flower measures  $6\frac{1}{2}$  inches from tip to tip and the broad petals are  $2\frac{1}{2}$  inches wide. S. slightly crepy, arched, pale primrose yellow; F. flaring,  $3\frac{1}{2}$  inches long, same shade with deepening coloring in the center. Beard dull gold. Haft cream, with deep canary marking, fading to greenish yellow. A large and lovely pale yellow self, with yellow haft markings. Stems branch widely and the flowers are freely produced. Truly a prize-winner. \$7.50

One of each of these for \$11.00 postpaid. These prices will remain the same for two years. We are trying to sell these fine iris at as moderate a price as possible, and they are worth far more than we ask.

## A Selected List of the Best Iris

Time of Bloom is indicated by E, meaning early; M, midseason, and L, late. Height, is given in inches in brackets after time of bloom, as (E 36). "S" means standards; "F" means falls. A Bicolor iris is one in which the standards are a paler shade than the falls.

Alameda (M 34)	large S, heavily suffused blue on white; F. lighter in Color.	\$ .35
Alta California (M 48)	A fine, widely branched deep yellow, with faint bronzing on the falls.	.75
Ambrosia (M 36)	White, flushed pale pink. Delicate	.35
Aurex (LM 38)	S. bright yellow; F. velvety blackish crimson purple. Fine coloring	.60

## Intermediate Iris

These bloom just after the dwarfs, and before the Tall Bearded. They can be combined with Mayflowering tulips, and are valuable for cut flowers at a time when these are scarce.

<i>my</i> A. Horsefall (28") - velvety red purple	.25
<i>my</i> Challenger (28") - rich dark purple	.25
Charmian (28") - tall pale blue	.20
Crysoro (26") - fine ruffled yellow	.50
Cymbeline (20") - ageratum blue	.20
Dorothea - pale lavender	.15
Doxa (24") - Buff and lavender	.25
Firmament (30") - pale blue bicolor	.15
Fritjof (15") - light violet bicolor	.15
Helge (20") - good light yellow	.15
Heloise (30") - large deep red purple	.50
Ingeborg (20") - good white	.15
Kochii (24") - dark red purple	.15
Lady Luck (30") late red purple	.20
Maygold (28") - Clear lemon yellow	.25
Nymph (24") - very free bright yellow	.20
Otoe (30") - velvety red violet bicolor	.25
Pearl Blue - (15") - very pale blue	.15
Prince Victor (20") - deep blue bicolor	.15
Queen Flavia (18") - primrose yellow	.15
Ragusa (25") - dark velvety bicolor	.25
Soledad (24") - fine light yellow	.20
Spark (28") - late garnet bicolor	.35
Sunbeam (24") - deep canary yellow	.20
Tidbit (15") - lovely clear lavender	.20
Zwanenburg (20") - buff and brown	.15

### SPECIAL INTERMEDIATE COLLECTIONS

Coll. of ten varieties, our selection, for \$1.00  
Novelties: One each of Alice Horsefall, Charmian, Doxa, Heloise, Lady Luck, and Nymph, (cataloguing at \$1.70) for \$1.25 postpaid.

## Fall Bloomers

These varieties bloom the second time in fall, but the plants must be in a good condition. Use a little fertilizer late in summer to induce a heavy growth.

Autumn Queen (12") - free blooming white	.25
Dorcas Hutcheson (18") - fragrant, deep violet self	.50
Eleanor Roosevelt (26") - very fine velvety red violet	.60
Golden Harvest (18") - Light citron yellow with golden beard	.75
Jean Siret (8") - Yellow, falls flecked violet	.35
Lieut. de Chavagnac (10") - Fragrant, bronzy red violet	.35
Peggy Babbington (28") - A good canary yellow	1.00
September Skies (16") - a dependable clear rich purple	.50
Ultra (14") - a lovely ultramarine blue bicolor	.25

## Beardless Iris

They should be planted in early spring, or from late August to early October. The rhizomes should be planted one inch below the surface, and kept moist until growth starts. They like a soil tending toward acidity, and old manure is a good fertilizer. They like plenty of water, but not to have it standing on the crown in winter.

### SPECIES AND HYBRIDS

A.J. Balfour (48") - handsome Spuria type of Cambridge blue.	.50
D.K. Williamson (33") - large velvety madder crimson.	.25
Ensata (12") - dainty soft lavender. Blooms early.	.25
Foliosa (12") - large brilliant blue with procumbent stems.	.25
Mrs. Tait (42") - soft porcelain blue. Free bloomer. Spuria type.	.35
Ochroleuca (60") - Fine white Spuria, with yellow throat	.35
Tectorum (15") - graceful blue purple. Will grow in shade.	.25
Tectorum alba (15") - a rare white form with golden crests.	.75
Versicolor Kermesiana (26") - Dark velvety claret.	.50
V. Lilacine (32") - Medium lavender blue.	.35
V. Rosea - quite large. Medium rosy purple.	.50

## Siberian Group

These bloom with the tall Bearded, and are excellent for cut flowers. They are very effective planted between Oriental Poppies. Their foliage and bloom are a foil for the vivid coloring of poppies.

Blue Charm (36") - Light blue, with large S. and round horizontal falls. Lovely.	.35
Blue Flame (36") - Brilliant light blue. Large	.50
Blue Heron (36") - Medium blue with white style arms.	.35
Blue Wings (32") - Broad petaled clear light blue.	.35

## Japanese Iris

These represent the loveliest flowers in the Beardless Group. They bloom in our locality from the second week in June, to the beginning of July. Rich, moist soil, with plenty of old manure, tending to acidity, is needed to grow them to perfection. Plant deeply in spring or fall, and keep moist until established.
